

# Surface Mount Frame Kit

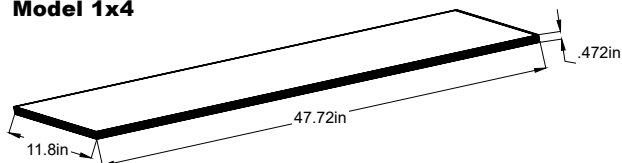

## Flat Panel P-A4 Series

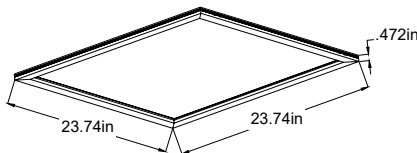

1. Assemble 3 sides of the frame casing using the fastening screws provided.
2. Secure frame to flat surface on ceiling using the appropriate screws and plastic anchors.
2. Insert the LED flat panel fixture and install accordingly per the P-A4 Series Flat Panel installation instructions and ensure that it is secure.
3. Connect the final casing side. Be sure to tighten the fastening screws securely.
